## A. F. of L. Executive Council Hears Plea For Office Workers' International Charter

### Our Delegates Make Strong Argument For Autonomy

On January 14, the Executive Council of the A. F. of L., in session in Washington, D. C., heard the pleas of delegates from Office Employee locals for action in establishing an international union for office workers.

The group which appeared before the executive council shortly after 1 p. m. on January 14 included President Paul R. Hutchings and Vice President and Business Representative W. R. Proby of our local union, Business Representative Anne Stone of Seattle local 16304, Business Representative Edward Springman of Philadelphia local 18049, and President and Business Representative Lawrence Green of Pittsburgh local 20959.

President Hutchings of our local acted as principal spokesman for the group. He pointed out to the council the needs for uniting the A. F. of L. federal unions of office workers into an international union so that the banner of the A. F. of L. could be carried effectively into the offices of manufacturing plants throughout the country.

It was pointed out to the council that while as federal locals we were doing everything possible to organize workers under the A. F. of L. banner from coast to coast, we lacked any unified program and did not have any staff of regular organizers devoting full time to assisting us in our efforts.

Each of the delegates was given an opportunity to be heard by the council and each pointed out additional reasons why the establishment of an international charter for office workers would assist us in carrying on our efforts to build a strong trade union group of office workers under the A. F. of L. banner.

President Paul R. Hutchings

After all the delegates had been heard, President William Green advised the delegation that the executive council would consider the matter and that he would advise us of the action taken by the council.

#### Delegates Entertained at Dinner

On the evening of January 14 our local entertained all the delegates at an informal dinner in a private dining room of the Hay-Adams House. Present in addition to the delegates from Seattle, Pittsburgh and Philadelphia, were the members of the executive committee of our local union.

The arrangements for the dinner were handled by Sister Esther Smith, our treasurer. In addition to enjoying a delightful dinner, everyone enjoyed the opportunity which it provided to discuss our meeting with the executive council and to discuss questions of general interest to our respective locals.

### U. S. WOMEN'S BUREAU HOLDS CONFERENCES

On January 21 and 22 the Women's Bureau of the U. S. Labor Department held conferences to discuss the problems presented by the anticipated increase of women workers to replace men who are called into the service of the country. These conferences were held under the supervision of the Women's Bureau's Director, Miss Mary Anderson.

A. F. of L. office workers were fortunate in being represented by two highly qualified members of our local union, both of whom are employed in research capacities by the A. F. of L., Sister Margaret Scattergood and Sister Elizabeth Paschal, who were appointed by President Green to serve on these conferences.

Of particular interest to our membership was the discussion of conditions of work and training for office employees which was considered by the conference. Discussions were held on the three basic problems, namely, the need for attention to conditions of work in offices; the wages, hours and other conditions of office employment; and the problem of training for office work.

A full report of our delegates will be made at the February meeting and will be carried in the next issue of THE LETTER.

### JACKPOT WILL PAY \$10 IN DEFENSE STAMPS

At the regular January meeting the membership adopted a recommendation of the executive committee placing a \$10 ceiling on the jackpot. In other words, when the jackpot reaches \$10 it will not increase beyond that amount, but will stand at \$10 until it is won, when it will start over again at \$2 and work upward towards the \$10 maximum.

The membership voted to pay the jackpot winner in the appropriate value of defense stamps rather than in cash in order to cooperate with the defense stamp sale of the Government.

The name of Brother Harold Wood was drawn for the \$8 jackpot available at the January meeting, but as Brother Wood was not present at the meeting, the jackpot now stands at \$10 worth of defense stamps. Come to the February meeting and you may be the lucky member and swell your defense stamp holdings by another \$10 worth.
